Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner discussed on 9-16-2004 that applicant indicated that a terminal disclaimer would be filed over co-pending application 10/005678, which was not received with the amendment. Applicant's representative faxed the examiner a properly executed Terminal Disclaimer. The examiner discussed with Applicant's representative that the product and process of making the allowable product would be re-joined which were previously restricted. The apparatus and "use of" the apparatus would remain restricted and non-elected. Applicant's representative authorized cancellation of non-elected claims 6-7 without prejudice..
